

Burnett Ranches,

LLC.

Shipments to Canada ~

We are only able to ship to Canada by FedEx. In order for us to be able to do this and clear customs we must have the following.

1. Import Permit
2. FedEx Address
3. Fax number for CFIA office you would like the USDA to fax the Health Certificate to.
4. USDA Health Certificate.

We do not have close access to a USDA Veterinarian. If the USDA Veterinarian is nearby he will come and do the Health Certificate. If he is not we will need to FedEx the Health Certificate to the USDA office in Austin Texas. They will fax it to the CFIA. For these reasons we will need an extra day to achieve all of this. Mare owner will be responsible for the cost of the Health Certificate once it has been signed even if the shipment is canceled.

Please contact me if you have any questions.

Kind Regards

Jodi
