_____ **LAST BREEDING DATE (2018) IF MARE IS IN FOAL.** SIRE _____

_____ **HAS FOAL RECEIVED PLASMA** _____ (date) **PLASMA BOOSTER** _____ (date)

PERMISSION FOR FOAL TO RECEIVE PLASMA YES NO

We feel that the administration of plasma post-foaling will give your foal a much healthier start in life and provide it a greater level of immunity to ward off most neonatal infections.

The plasma used at 6666 Ranch has been prepared to provide antibodies for the most common illnesses your foal may encounter.
